

Aston Rowant Parish Council
Neighbourhood Plan Committee

Minutes of the meeting of 4th January 2024

Present: Peter Tinson (in the chair), Paul Finken, Steven Sowerby, Andy Green, Guy Cunningham

Apologies: Mark Jones

1. To discuss how to progress the Neighbourhood Plan

The group discussed the comments received from the Statutory respondents following the Regulation 14 consultation and initial comments received from the Conditions Report. It was noted that not all the points raised by SODC had been addressed; this may also be the case with other statutory respondents' responses.

It was agreed:

- To review the comments from SODC and other statutory respondents to establish how effort would be required to amend the draft plan;
- To identify individuals who may have greater expertise than those on the Committee to assist in amending the draft plan.

2. Any Other Business

Paul Finken advised that he wished to stand down from the Committee. The Committee thanked Paul for his contribution to the work on the Neighbourhood Plan.

The date for the next meeting will be set once the comments from the statutory bodies have been reviewed by members of the Committee and an assessment made of the work required.
